RUSSIAN TACTICS.

They Seek to Draw the Japs Only Sending Small Troops Across the River.

ARE BUSILY ENGAGED FORTIFYING

Southern Manchuria Is Strikingly Full of an Unusual and Active Life.

It is Reported That the Population Is Friendly to Russia and Full of Faith in the Russian Arms.

Paris, April 6.—The St. Petersburg correspondent of the Echo de Paris says that the Russian general staff is convinced that the Russians will await a Japanese attack on the right bank of the Yalu. They are now busily engaged fortifying the mouth of the river. A remarkable bridge has been constructed on the prolongation of the Wiju line connecting it with Pin Hu Jan.

The correspondent says the Russians are seeking to draw on the Japanese only sending small troops across the river.

St. Petersburg, April 6.—A press correspondent at Port Arthur who returned to the fortress Monday from an inspection trip through Southern Manchuria, telegraphs that country is strikingly full of an unusual and active life, that the troops are vigorous and healthy and animated by a desire for active operations and that the entire native population, including that of the commercial world, is friendly to Russia and full of faith in the Russian arms. The correspondent says: "Russian money, which was shaky at the beginning of the war, is again firm."

"The Chinese volunteer militia formed there present a good appearance, wearing a special uniform with epaulettes bearing the Russian national flag. The natives provide provisions freely and are selling horses brought from the surrounding country. The mandarins are an exception to this general rule, as they are cautious and are trying to carry water on both shoulders. As their conduct is passive it does the Russians no harm."

"The railroad holds out splendidly and works regularly, all the attaches of the road being imbued with the high importance of their task. Sentries are posted at the boundary and are doing duty in the neutral zone, dividing China and Manchuria. The weather is warm and the rivers are open. In Port Arthur all is quiet and the inhabitants have become accustomed to a state of war, though some of them are impatient that the enemy has been for so long a time invisible."

GEN. GRANT'S GRANDSON.

He Will Wed Miss Germaine Cecile Noufflard in Paris.

Paris, April 6.—The civil ceremony of the marriage of Capt. Algernon Sartoris, grandson of the late Gen. Grant, to Miss Germaine Cecile Noufflard, a niece of Charles Halle, the artist, director of the new gallery, London, will take place April 25, and the religious ceremony April 27 in the Church St. Honore D'Eylau. The witnesses for the bride will include Mr. Halle. The groom's witnesses will be the Marquis de Laigle and Maj. Bentley Mott, the United States military attaché. Among the bridesmaids will be Miss Lillie, an American girl who recently made her debut at the grand opera. The bride is a granddaughter of Sir John Halle, of England, whose estate joined the Sartoris estate.

Jackson, Ky., April 6.—Bummer Spicer, confessed slayer of James Johnson, was arrested by Deputy Sheriffs Hiram Centers and Sam Deaton Tuesday at the home of Sam Callahan, brother of Sheriff Ed Callahan. Spicer made no attempt to escape and submitted to arrest quietly. Johnson was killed last Friday and Spicer had been in hiding since that time. Johnson was a nephew of J. B. Marcum, who was assassinated last May. Spicer is a member of one of the most prominent mountain families and is distantly related to Congressman South Trimble. His people will make a strong legal fight for him. Judge James Hargis will conduct the examining trial.

CULTON'S BONDSMEN.

A Motion Will Be Made in the Circuit Court to Discharge Them.

Frankfort, Ky., April 6.—The question of forfeiting the bond of Will Culton, the fugitive Goebel conspirator, was postponed in the circuit court Tuesday till Wednesday, when it is understood a motion will be made to discharge the bondsmen on the ground that it was never the intention of the commonwealth to try Culton, but he was brought here from court to court for over three years to testify as a witness in the trials of the other Goebel conspirators. The case against W. S. Taylor, Charles Finley, John Powers and others were continued because the defendants could not be found.

Increased the Assessments.

Frankfort, Ky., April 6.—The state board of equalization has accepted the assessment of 13 counties in the first appellate district, but raised the assessment in five counties as follows: Ballard, Hickman and Crittenden, 10 per cent. on farm lands and 5 per cent. on town lots; Fulton, 3 per cent. on farm lands; Trigg, 5 per cent. on farm lands.

Representative Day Is Worse.

Lexington, Ky., April 6.—It is feared that the wishes of Carl Day, the Breathitt county representative, who is dangerously ill at the hospital in this city, that he might be permitted to die in his home county, will not be gratified. He is gradually sinking, and unable to recognize those at his bedside.

Lexington, Ky., April 6.—All efforts so far to induce Gov. Beckham to pardon George Miller, the convicted gambler, have proved unavailing.

A RIOT IN CHICAGO.

Union Strikers Attacked Non-Union Men on Their Way to Work.

ONE KILLED, SEVERAL WOUNDED.

In the Evening the Rioting Was Renewed the Mob Numbering Fully 1,000 Men.

They Pelted the Strike Breakers With Stones, Sticks and Bottles Before Being Driven Off By the Police.

Chicago, April 6.—Although it was announced Monday night that the strike at the American Can Co.'s plant in this city had been settled, the rioting around the place was fiercer Tuesday than ever, and one man, John Nichols, lost his life.

The fighting began early in the morning when 300 Greeks who have been employed during the strike, attempted to come to the factory. They were met at the gates by union pickets, who attacked them with stones and clubs.

A large detachment tried to maintain order but only with moderate success. A shot, fired from the crowd, aroused the Greeks to fury. The Greeks, who had entered the factory, came pouring out armed with knives and revolvers, and attempted to attack the union men and their sympathizers, who were assaulting their countrymen at the gateway. The police, after a desperate struggle, managed to keep the two bodies of men apart and drove the Greeks into the factory and dispersed the crowd on the outside. In this fight a number of men were battered up, the most seriously hurt being William Rohrbach, who was struck on the head by a stone, and Antonio Soukasbos, whose wrist was slashed by a knife.

At night when the 300 Greeks left the place they were attacked by a mob fully 1,000 strong that pelted them with stones, sticks and bottles. The police, however, escorted them to the train without anybody having been seriously injured, although quite a number of men on both sides were bruised.

After the Greeks had reached their train it is said somebody on the cars fired a shot, the bullet killing Nichols instantly.

The police have made arrangements to have a larger number of men on the ground Wednesday and expect to avoid the trouble of Tuesday.

ECHO OF THE RIOT.

Damage Suits For Sums Aggregating \$95,000 Filed at Clinton, Tenn.

Knoxville, Tenn., April 6.—Damage suits for sums aggregating \$95,000 were filed at Clinton, Tenn., Tuesday by the widows of the men killed in the riot at Coal Creek, Tenn., on Sunday, February 7, and also by two men shot at the same time. The suits are brought against the Coal Creek Coal Co., President E. C. Camp, personally, and Jud Reeder, guard and detective, who, it is charged, began the shooting. Widows of James Black, Jacob Sharp and W. W. Taylor sue for \$25,000 each and A. R. Watts, a merchant, who was shot, asks \$10,000 damages, and Moro Cox sues for the same sum. The suits are a sequel to the bloodshed when the guard of the Coal Creek Coal Co. fired on union miners.

THE IOWA MINERS.

They Have Called For a Second Conference With the Operators.

Des Moines, Ia., April 6.—John P. White, president of the Mine Workers, and Charles H. Morris, president of the Iowa Operators' association, have called a second conference for next Monday. The conference was asked for by the miners and it is taken to mean that the strikers will give in and the strike will be settled Monday. When President White, of the Mine Workers, asked President Morris, of the operators, for a conference, the latter replied that there was no use of a conference unless the miners would come to the terms of the operators. The fact that the mine workers agreed to a conference under these terms indicates a victory for the operators.

Plot to Dynamite Japanese Quarters. Everett, Wash., April 6.—A plot to dynamite the quarters of the Japanese employed by the Mukileto mill was discovered and frustrated. For some time past the feeling against the Japanese has been very bitter, organized labor opposing them very strongly.

MILITARY ACADEMY BILL.

It Was Passed in the House of Representatives Without Amendment.

Washington, April 6.—Senate—The senate Tuesday listened to a two hour speech by Mr. Morgan on the Panama canal question and then again took up the post office appropriation bill, but adjourned without completing its consideration. Some important amendments, aside from those suggested by the committee, were agreed, to among them one increasing from 2 to 4 ounces the size of franked letters and another adding 25 members to the force of rural free delivery agents. Mr. Morgan's speech was in special advocacy of his resolution requesting information from the attorney general concerning concessions to the original Panama Canal Co. and was in the main an arraignment of the new Panama company.

House—The proceedings in the house were enlivened by speeches by Mr. Do Armond and Mr. Grosvenor, the former attacking the republicans for failure to order an investigation into the post office charges and to revise the tariff and the latter vigorously defending the republican party and lauding President Roosevelt for the part he played in the postal investigation, the passage of the Cuba reciprocity law and the treaty with Panama for the construction of an isthmian canal. Earlier in the day Mr. Prince (Ill.), in a vigorous speech, predicted friction between the general staff of the army and the secretary of war. The military academy bill was passed without amendment.

HISTORIC OAK SAPLING.

It Will Be Planted in the White House Grounds Next Thursday.

Washington, April 6.—An historic oak sapling will be planted in the white house grounds next Thursday. Secretary Hitchcock will supply the tree and in connection with it Tuesday told the president a pretty story.

Many years ago Charles Sumner sent to the czar of Russia some acorns from a stately oak which overhangs the tomb of Washington at Mount Vernon. The czar caused the acorns to be planted in the grounds of the Peterhof palace in St. Petersburg. One of the acorns grew into a magnificent oak which yet stands in the palace grounds.

While in St. Petersburg in 1898 as the United States ambassador to Russia Mr. Hitchcock collected a handful of acorns from the historic offering of the Mount Vernon oak, sent them to this country and has them planted in the grounds at his Missouri home. Some of them developed into fine saplings and it is one of them that is to be planted in the white house grounds on Thursday. The planting, which is to be done at the instance of President Roosevelt, will be without ceremony.

Bodies of Three of the Victims Were Washed Ashore and Recovered by Their Friends.

Tampa, Fla., April 6.—Five persons, all members of a pleasure party from the Florida Methodist college at Sutherland, were drowned near Anclote Lighthouse Wednesday night. The dead are: Mrs. Walker, wife of the president of the college; Miss O'Connor, of Atlanta; Miss Slaughter, of Sutherland; Miss McCray, of Sutherland; Mr. Boulard, of Sutherland.

President Walker and Miss Newton reached the beach alive. The bodies of Mrs. Walker and Miss O'Connor have not yet been recovered. The bodies of the other three who lost their lives were washed ashore and recovered.

President Walker had taken the party out for a cruise to the lighthouse but met with rough water and the boat was overturned in the gulf.

The Florida Methodist college is located at Sutherland, on the west coast of the gulf about 30 miles from Tampa.

Tustin, Mich., April 6.—The three children of Mr. and Mrs. Robert Holmes, Laura, aged 12; Hazel, aged 11, and Wendell, aged 9 years, residing three miles southwest of Tustin, were drowned in a large pond less than 40 rods back of their home Tuesday. The pond was covered with a thin coat of ice on which the children ventured. They sank together in 13 feet of water. When the bodies were recovered two hours later the children's hands were still tightly clasped.

SUICIDE EPIDEMIC.

Six Persons Took Their Lives in Greater New York Tuesday.

New York, April 6.—An unusual number of suicides, at least half of them due to despondency because of inability to secure employment, were reported to the police of Greater New York Tuesday. Three of the six victims chose carbolic acid as a means of ending their troubles, one chose death by shooting, another by hanging and the sixth accomplished his purpose by turning on the gas. The most youthful suicide was Eva Pocker, a 17-year-old Brooklyn girl, who drank carbolic acid, and the oldest, Jacob Redham, 65, of Manhattan, who had been ill with rheumatism. His body was found hanging in his lodgings Tuesday. The body of another suicide, a woman, who had ended her life at least two weeks ago by inhaling chloroform, was found in a house on East 35th street. A note found with the body said the woman was so deeply in debt that she saw no hope.

NOW IS THE TIME USE HYOMEI.

Cures Catarrh and Prevents Colds—No Stomach Dosing, Just Breathe It.

At this season of the year, catarrhal troubles are very prevalent, and nearly every person suffers to a certain extent. Catarrh is actually the result of a succession of colds and can be easily prevented if the proper treatment is followed.

Hyomei is a natural yet scientific cure for the colds and grip troubles that lead to catarrh, as well as a positive cure for the disease itself.

The balsamic air of Hyomei breathed through the small pocket inhaler that comes with every outfit is filled with germ-killing and health-giving qualities that penetrate to the minutest air cells of the head, throat and lungs. It kills all catarrhal germs, frees the mucous membrane from poisonous microbes and makes a perfect and complete cure of catarrh.

The complete outfit costs only \$1, while extra bottles of Hyomei can be procured for 50c. J. J. Wood & Son sell Hyomei on the "no cure, no pay" plan, and will refund the money if it fails to give perfect satisfaction. You take no risk whatever in using Hyomei. It is the only treatment sold under a guarantee of this nature where a leading local druggist agrees to return the money if the treatment fails to cure.

Mr. J. O. Pickrell who has spent many years in the agricultural department of Thompson & McAtee and John I. Winter & Co. left this morning for Richmond, Ind., to accept a position with the International Harvester Company. Mr. Pickrell is an expert in his line and many friends wish him well in his adopted home.

State Evangelist Robert M. Hopkins was greeted by large audiences at the Christian Church Saturday and Sunday nights, the auditorium being packed to its full seating capacity at the closing service. The conference or round-table meeting Sunday afternoon was the only service that was not well attended. All his addresses were highly interesting and instructive. Especially was this true of his sermon Sunday morning on "Two Supreme Needs." Mr. Hopkins thinks the supreme need of the church of to-day is an up-to-date Sunday school, and the supreme need of the Sunday school is a corps of trained teachers and workers.

A large congregation attended the services on Sunday morning at 10:45 o'clock at the Church of the Nativity. The altar and chancel were beautifully decorated by the Kings Daughters. The music was charmingly rendered by the vested choir under the direction of Mrs. Hiram Chenoweth and Mrs. Thos. Phister, with Miss Harriet Johnson at the organ. The services were held under the auspices of Maysville Commandery No. 10 of the Knight Templars, and those who attended went away thoroughly pleased with every phase of the service. The rector, the Rev. W. G. McCready, D. D., a member of the commandery, preached an appropriate sermon. The offering at the morning service was \$222 10. The musical program will be repeated next Sunday.

Body Brussels

CARPETS

All-in-all there is more good wear and more good looks and general satisfaction to the square yard in Body Brussels than in any other carpet at the price, or near it. We're thinking of the best grade of Body Brussels and we're looking at representative samples of our twenty-five styles, as we write. We're thinking of them as \$1.25 carpets and we are candidly telling of their true cheapness at that price. The wonderful part of the incident is that we'll sell these \$1.25 carpets for \$1 a yard, made, ready to tack on the floor. We can't hope to repeat the bargain—it's money saved to choose from this lot.

KILLED BY TRAIN.

W. D. Bell, Formerly of This City, Believed to Have Ended Life by Jumping in Front of Engine.

A man who was killed by a train near the Latonia race track back of Covington Monday has been identified as W. D. Bell, at one time a resident of Maysville. Earl Bronson, a telegraph operator employed at Latonia by the L. and N. railroad, identified the remains.

Monday morning Bell accosted Bronson and asked for money with which to purchase liquor. He was intoxicated at the time and he was not given any money. A short time later Bell either fell or jumped in front of a train and was almost instantly killed.

The Times-Star says Bell was employed as a telegraph operator at Falmouth at one time by the K. O. railroad and later worked for the Norfolk & Western rail-

road, but was discharged for drunkenness.

Bell came to Maysville in August of 1899 and claimed to be a printer. He was genteel in appearance when not drinking but like many other bright and intelligent minds he allowed liquor to ruin him. He went from here to Flemingsburg where he met and shortly afterwards married a Mrs. Huddleston, mother of Mrs. William H. Gillespie, of the Sixth ward, this city. Mr. and Mrs. Bell resided for a time in Maysville, but as a result of his periodical spree she left him in 1900 and instituted suit for divorce. The suit however was afterwards discontinued.

John Rice and Mattie Barbour, colored, have been granted marriage license.

Mrs. Harriet Stuckley of the Fifth ward has been quite ill with neuralgia since last Saturday.

Mr. and Mrs. Charles E. Smith have moved into the Payton residence on Second street, Sixth ward.

Judge Hinchins has secured an increase of pension for Granville Cooper at rate of \$8 a month from Feb. 12, 1904.

Jailer McIlvain entertained the members of the Fiscal Court and some other friends at dinner at the Central Hotel Tuesday.

Mr. W. H. Smith, of Shannon, and Mrs. Martha Ward, of Mayslick, were married Tuesday evening by Rev. Mr. Ecklar of Sardis.

The eight-year-old son of Daniel Boone of Moransburg died last night. The child had been an invalid for some time. The burial will be in Charleston Bottom.

Boy, not under fourteen, who is willing to work and anxious to learn the printing business, can find employment by making early application at the BULLETIN office.

The late Dr. Clark of Vanceburg was fifty-seven years old. His wife, who was Miss Carrie Rogers, an adopted daughter of the late Robert Bedford, survives, with one daughter and two sons.

Mr. and Mrs. William Campbell of the county have sold their farm and will move with their family to Kansas in a few days. They are very estimable people and would be welcome in any community.

SUDDEN DEATH.

Mrs. Nannie Fletcher Passed Away This Morning at Home of Her Sister Miss Lottie Wood.

Mrs. Nannie O. Fletcher died this morning at the home of her sister, Miss Lottie Wood, at the Hill House. Mrs. Fletcher had been in failing health for several years but her death was very sudden. She leaves one daughter, Mrs. Warren Gilbert, of Waco, Texas, and three sisters, Mrs. Maria B. Corson, of New Orleans, Mrs. Lucretia Cartmell and Miss Lottie Wood, of this city.

The funeral will take place at the First Presbyterian Church to-morrow at 2 o'clock, services by Rev. Dr. Barbour. Burial private in Maysville Cemetery.

The recent heavy rains have again relegated the Kennedy's Creek county road into "a thing of the past." Some of the more energetic citizens have made persistent attempts to have this road entirely removed from the creek, but their efforts were futile on account of the county authorities allowing themselves to be influenced by "incorrigibles," and it is now really amusing to hear these self-same "incorrigibles" discussing complaints, present disadvantages and discomforts.

Judge David S. Gooding, of Greenfield, Ind., whose death occurred Feb. 23rd, had relatives in this part of the county whom he visited about

twenty years ago. He was a lawyer of ability and a prominent politician, having held many honorable and lucrative positions. In 1891 he was elected second time Judge of Hancock and Madison counties, but retired from the bench to give his time to the campaign for Lincoln and Johnson. He was appointed United States Marshal for the district of Columbia during Lincoln's administration and had charge of the prisoner John H. Surratt during his six weeks trial. Judge Gooding was a native of Kentucky.

Whiskey and Beer Habit

PERMANENTLY CURED BY
"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wyell, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."

Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all desire and I now have the smile of liquor."

Price 31 per box. Aated in plain, scale, wrapper by Orrine Company, 80 14th St., Washington, D. C. Interlocking book—Treatise on Drunkenness (sealed free on request). Sold and recommended by

A Pioneer Passed Away.

"Uncle Jim" Reed, one of the oldest citizens in this section of the State, died Tuesday morning about 7 o'clock at the residence of C. L. King in Mt. Olivet after a brief illness at the age of ninety-three. James A. Reed had a more extensive acquaintance than any man in this section, having traveled through the country here for years. He leaves a brother and other relatives in this county and a number of relatives in Robertson.

His remains will be laid to rest in the old family burying ground near Sardis, but the date of the funeral was not learned.

A statement of the condition of the First National Bank appears in this issue. It shows total resources of over \$550,000, undivided profits of nearly \$30,000 and individual deposits of over \$310,000.

River News.

The Rival, Ranger and Josh Cook left Pittsburg Monday with coal.

About all the coal ready for shipment at Pittsburg has been sent out.

The Greenwood passed down this morning and is to-night's packet for Pittsburg.

Keystone State due down this evening and Stanley to-night. Bonanza up for Pomeroy to-night.

All the packets are leaving Pittsburg unusually light just now. If they leave that city with 150 tons aboard they are doing well. The "pick-ups" between termini, however, are excellent.

Engineer McKetchum, aged eighty-three, of New Richmond, died Saturday. He was the oldest engineer on the Ohio river, and was actively engaged up to eight months ago, when he resigned from the Bonanza.
